

Introduction to and Intermediate Access

Page 3

Maintaining an Access Database

- Link Tables to External Data Sources
- Manage a Database
- Determine Object Dependency
- Document a Database
- Analyze the Performance of a Database

Note

Please use the content in these outlines as a general guide as to the topics that will be taught. We cannot guarantee that all the topics listed in an outline will be covered during your particular class. Based on student need, your instructor may have to adjust the course content to suit your class, unexpected events, as well as the composition and skill level of the students in attendance.
